**1. Call to Order**

It was resolved that, notice of the meeting having been circulated to all directors and that, a quorum being present, the meeting was duly constituted.

**2. Ratification of Previous Minutes**

It was resolved that the Draft Minutes for March 22<sup>nd</sup> 2023 and April 5<sup>th</sup> 2023 be approved, confirmed and ratified with such grammatical and other changes as discussed in the meeting.

**3. Matters Arising from Previous Minutes/MD Updates**

It was noted that MD Howard needed to share the full list of 'Matters Arising from Previous Minutes and the MD's Updates' in a shareable format with all Directors at the next Board meeting.

***Storm Debris at the Stockpile***

MD Howard noted that he will liaise with the Director of the Department of Environmental Health at the pre-hurricane site meeting, to discuss the mulch at the Poindexter Stockpile. MD Howard will keep the Board posted on the interim storage and what the committee has decided on regarding debris management and clearance.

### ***Bobby Thompson Way/Smith Road Signal lights***

MD Howard noted that after inspection, the Signal lights at Bobby Thompson Way need to be replaced. The NRA Works Manager is looking to costing an entire replacement of the signal system for this intersection as the current system is an old model which is nearing the end of its life.

It was noted that Caribbean Utilities Company (CUC), has not reimbursed NRA for the severe damage to the signal lights which was caused by a wire that CUC installed too close to the Bobby Thompson Way/Smith Road Signal lights.

This wire came in contact with the signal arm during tropical storm Grace and shorted out the entire signal system.

It was noted that a new battery cabinet and a CPU was also being costed which, if purchased, would provide backup for the signal in the event of a power outage. . It was noted that a traffic model study was being done on the Bobby Thompson Way/Smith Road intersection to see if a roundabout would provide better traffic flow in this area. MD Howard will share his feedback with the Board as soon as the report was completed.

### ***Legal advice on sidewalks***

It was noted that sidewalks were being built on private property for public access. However, it is important that the Board receives clarity on who is responsible in regards to maintenance and public liability.

MD Howard noted that he will seek advice from the Attorney General's Office and provide same to the Board. Once the Board has been provided the advice from the AG, it intends to give its recommendations to the Ministry.

### ***Head of Departments retreat***

MD Howard noted that he recently attended the Ministry of PAHI, Head of Department's meeting. The key takeaways were:

- Developing a Communication Plan - Ministry of PAHI request an outline plan of proposed communications as it relates to the NRA's current activities, inclusive of the EIA Study and Capital Works Projects.
- Traffic Data Collection – to update the NRA's compendium of traffic information which includes traffic counts, socioeconomic data etc.
- EIA Study – Ministry of PAHI request frequent updates on the Environmental Impact Assessment of the proposed East/West Arterial from Woodlands to Frank Sound.

#### **4. Lands & Survey presentations of claims**

The Acting Chairman welcomed Lands and Survey to present the memos for compensation claims. Lands and Survey representatives noted the four claims being presented so that any Director with a conflict of interest, could be recused until the claim has been dealt with.

**Claim for Compensation on Block S.23A Parcel S.23A - Redacted under S. 23A**

Lands and Survey refer to the NRA letter on 21<sup>st</sup> March 2023 regarding Block S.23A Parcel S.23A. The claimant has accepted the offer; however, they wish to amend the claim from a two stage to a one stage assessment.

The Acting Chairman pointed out that the Road Act prescribed that once a selection is made it cannot be amended. However, the Lands and Survey representatives informed the Board that the claimant has stated that there is uncertainty as to when they will receive the final payment.

The Lands and Survey representatives requested that the Board defer the claim and they do some further research and bring the claim back to the Board at a future date.

Acting Chief Officer Hydes noted that Lands and Survey should put a note in their guidance notes due to section 11 (3) of the Roads Act 2005, which states, "An election, once made, shall be irrevocable."

It was noted that Professional Fees of Section 23. A were approved by the Board.

**Claim for Compensation on Block S.23A Parcel S23 - Redacted under Section 23 A**

The claim for compensation for Block S.23A Parcel s23 for Redacted under section 23A, was deferred until the next meeting. The Acting Chairman requested the Lands and Survey representative to send all Memos in relating to this claim to MD Howard.

**Claim for Compensation on Block S.23A Parcel s23a - Redacted under Section 23A and S.23 A Section 23 A**

Lands and Survey refer to the NRA letter on 21<sup>st</sup> March 2023 regarding Block S.23A Parcel S.23A. The claimant has accepted the offer; however, they wish to amend the claim from a two stage to a one stage assessment.

The Acting Chairman pointed out that the Road Act prescribed that once a selection is made it cannot be amended. However, the Lands and Survey representatives informed the Board that the claimant has stated that there is uncertainty as to when they will receive the final payment.

The Lands and Survey representatives requested that the Board defer the claim and they do some further research and bring the claim back to the Board at a future date.
