TRAFFIC ADVISORY FOR SHAMROCK ROAD - FEBRUARY 1ST 2008

NEWS DESCRIPTION

As much as is possible, two lanes of traffic on Shamrock Road will remain open in both directions, while National Roads Authority (NRA) staff complete the transition of tying Shamrock Road with the new East-West Arterial. Lane closures, if necessary, will only occur during off-peak times.

NRA officials apologise for the inconvenience that any closure may cause, and thank motorists for their understanding as staff members work to improve the road network.
