ALBERT PANTON STREET CHANGES - JANUARY 23RD 2008

NEWS DESCRIPTION

Tomorrow (Thursday, 24 January), National Roads Authority crews will convert a section of Albert Panton Street to allow two-way traffic.

When the crews have finished painting new road markings and installing signage, traffic flow between Kirk House and the Legislative Assembly Building will permanently change from one-way to two-way. Curbside parking on the side of Fort Street Market, up to Kirk House, will be eliminated; however curbside parking along the Court House will not be affected.

The remaining section of Albert Panton Street, from Kirk House to Cardinall Avenue, will remain one-way.
