
SHAMROCK ROAD/HIRST ROAD SAFETY IMPROVEMENT PROJECT

NEWS DESCRIPTION

NRA Announces Shamrock Road/Hirst Road Safety Improvement Project FOR IMMEDIATE RELEASE

Date: August 15, 2024

The National Roads Authority (NRA) is pleased to announce the launch of the Shamrock Road/Hirst Road Safety Improvement Project. This essential initiative is designed to enhance road safety and improve traffic flow near Savannah Primary School, a high-traffic area that serves as a vital corridor for students, parents and the community at large.

Phase one is scheduled to take place from August 21st to August 23rd. During this period, the NRA will oversee the installation of a dedicated Right Turn Lane for the Savannah Post Office and a Centre Turn Lane from the Savannah Post Office to the Seventh Day Adventist Church. These improvements are designed to reduce congestion and minimize the risk of accidents at these key intersections.

The project will be executed in three phases, each aimed at addressing specific safety and traffic concerns in the area. Key elements of the project include the addition of a bus layby and bus-only lanes, dedicated turn lanes and new pedestrian crossings.

Motorists are reminded to drive with caution and pay close attention to all signage and instructions provided by the road work crew. The NRA is committed to enhancing road safety across the Cayman Islands and appreciates the community's patience and cooperation as we undertake these vital improvements.

ENDS

About the National Roads Authority (NRA)

The National Roads Authority was created on 1st July 2004 by the National Roads Authority Law (2004). The NRA aims to enhance transport development in the Cayman Islands by building and maintaining a safe and efficient network of roads, in partnership with our Board of Directors, our Ministry, Cabinet, and the Private sector, having regard to national and economic growth strategies.
